LIEF
HUIS

An art academy with
professional care

Come and learn and work in the Leven Lief Home

Are you an artist or are you studying at an art academy? Then your perspective and creativity can be very valuable in elder care. At the Leven Lief Home in Amsterdam, a care home for artists, you can work on our care staff and as an artist at the same time. ZGAO will provide and pay for the necessary training. You will receive a degree within a year and a half, and you can get to work straight away.

The Leven Lief Home: your future workplace?

The Leven Lief Home will be an inspiring place for residents and staff alike. It will have 32 studio flats, a club space, an artist's residence, a general practitioner's office and great restaurants. This small-scale care home, especially for artists with intensive care requirements, will be ready in early 2024. ZGAO is realising the Leven Lief Home in the Oostenburg district together with Stichting Kunstenaarshuizen Amsterdam. A pleasant collaboration that once started in the Ramses Shaffy House.

Your training: fully paid for with a job guarantee

ZGAO has abridged MBO level 3 training courses for Nursing IG. This will enable you to work in nursing and care. The training will take place at the Flevohuis in Amsterdam-Oost. Besides the school hours, you will have at least 20 practical hours per week. This means you will get a contract of approximately 26 hours. Added bonus: ZGAO will pay for your training, and you will have your degree within eighteen months. Meaning you can immediately provide professional care at the Leven Lief Home.

More information

Does this unique opportunity appeal to you? Liesbeth Bonis is happy to tell you more about it. Please email, call or Whatsapp: l.bonis@zgao.nl or 06 22 74 17 28.

Did you know that artists are increasingly being employed in elder care?
